Volunteers Needed for 9th Annual “Dig in for the Downtown Waterfront”

The Greater Downtown Council is seeking volunteers to help plant flowers for the Downtown Waterfront.

On Wednesday, May 25, 2011, colorful crates of annual flowers will be delivered to Bayfront Park. Approximately 150 streetscape planters are stored at Bayfront’s parking lot, just waiting for helping hands to fill them with flowers. City crews will then move the planters to adorn the sidewalks of the Downtown Waterfront this summer. The Greater Downtown Council’s Clean & Safe Team will maintain them throughout the summer season.

This annual event typically draws about 60 volunteers who are willing to lend a hand to help beautify the Downtown Waterfront.

Following the work project, volunteers will be treated to a free lunch thanks to our friends at the Inn on Lake Superior.

Please join us for this worthwhile beautification project!

Wednesday, May 25 (Rain-date: Thursday, May 26)

10:00AM

Bayfront Park

Bring garden tools and gloves, if you have them
