Clean and Safe Team to Spread Cheer on Valentine's Day

Members of the Duluth Downtown Waterfront District Clean and Safe Team will be handing out treats to people they encounter on Valentine's Day. Team members will be equipped with boxes of candy hearts, with a box slogan that reads "We LOVE having you in the Downtown Waterfront."

"It's just one more opportunity to let employees, residents and visitors know how much we appreciate them," says Kristi Stokes, President of the Greater Downtown Council, the management entity of the DDWD. "Our team members are out on the street and in the skywalk everyday and this is a fun way to spread a little additional cheer on special days."

Last year, the Clean and Safe Team members handed out free Park Plus parking coupons on St. Patrick's Day.

The Clean and Safe Team was created in 2005 as part of the Duluth Downtown Waterfront District. They are known for their highly visible safety green and navy uniforms and their hospitality and cleaning services that enhance the downtown area.
